ISOC-JP history

- Founded on 1994
- 2009: Recognized as "chapter required rejuvenation"
- 2010: ISOC-JP rejuvenation activities started
- August 2012: Re-approved as formal chapter

ISOC-JP members

- Number of Members: 370
- 2015 Officer
 - Chair: Tomohiro FUJISAKI
 - Vice Chair: Toshio TACHIBANA
 - Program Chair: Kaname NISHIZUKA
 - Secretary: Hirotaka NAKAJIMA
 - Treasurer: Takaharu UI
- Standing Committee
 - Number of Program Committee members: 13

Characteristics of ISOC-JP

- Rather than a government-led, it was founded by private communities.
- Focus is not on the deployment of the Internet itself
 - High internet penetration rate in Japan

Our way of thinking

1. Be a contact point from other countries.
2. Increase international contribution from Japanese communities.
3. Don't forget respect for other communities.
